I Never Died.

Chapter 1 by Ethan Park

They always thought I had died. I didn't. I had been in the CIA for three years, but they never knew that the fatal explosion from the grenade had killed me.

Lets go back a step.

I'm Culli, a spy working for the CIA. I had been accused of killing one of the best men on our team, who turned out to be a bounty hunter, out to kill the senate. I killed him, but was "killed" by the grenade. Now I have to look for the man who got me into this terrible mess. My first clue was his license, which read that he was Russian. Next stop, Russia!
